

## KNOWLEDGE SHARING AND CAPACITY BUILDING

- A pleasure to *return to an in-person meeting* and participate in the great face-to-face networking activities.
- *Excellent knowledge exchange and discussions* – the basis for bringing something back home and continuing the dialog.
- The *first hybrid meeting* with many thanks to the remote participants for joining.
- We hope to see remote participants face-to-face again as we want you to *benefit from the excellent networking* we experienced.
