

KNOWLEDGE SHARING AND CAPACITY BUILDING

- ***Ongoing advancement of analytical tools is critical*** to keep pace with the evolving control strategies and increasing complexity of ADCs and multi-specific biologics.
- ***Impurity control and testing remain vital*** as we design increasingly complex structures and multi-specifics with diverse building blocks and configurations.
- ***Potency assurance strategy can be optimized to reduce redundancy*** (e.g., antigen binding of mAb Intermediate) when supported by data.

CMC NORTH AMERICA 2025 BY THE NUMBERS

First-Time Attendees

34

Regulators Participated

7

Companies Represented

44

Countries Collaborated

6

Canada | Chile | Germany | Japan | South Korea | United States
