

Symposium on the Practical Applications of **Mass Spectrometry** in the Biotechnology Industry

KNOWLEDGE SHARING AND CAPACITY BUILDING

- *Multispecific therapeutics* were a major theme, with *new analytical challenges and characterization strategies* strongly highlighted.
- Novel molecular modifications continue to emerge, *increasing the need for advanced characterization methods*.
- The Next Generation Investigator award winners showcased *exciting new research and the future of the field*.
- Keynote presentations highlighted *key scientific challenges and emerging directions in biopharmaceutical analysis*.
