

CASSS VIRTUAL SUMMIT

Opportunities and Challenges of Expanding US-based Pharmaceutical Manufacturing

KNOWLEDGE SHARING AND CAPACITY BUILDING

- Shift the perception of visits from “inspections” to *collaboration focused on the shared goal of patient safety*.
- Industry demand is shifting toward “expiring” degrees and credentials to *ensure skills keep pace with rapid technological changes*.
- There is an ongoing opportunity to *evolve the current regulatory framework to better recognize “platform replication”*.
- Transition from “check-box” compliance to quality risk management (ICHQ9), *prioritizing early risk identification and mitigation*.
- Utilizing cloud-based platforms allows sponsors to submit a single dossier simultaneously to multiple health authorities, *simplifying supply chain management and reducing the risk of drug shortages*.
